

Proof of Reserve (PoR) Attestation Report for Coins PHPC Stablecoin

as of November 30, 2024

Internal Audit Report

To the Board of Directors and Senior Management of Coins:

We have conducted an examination of Betur, Inc.'s (referred to as "Coins.ph" or the "Company") assertion regarding the Fair Value of Assets Held in the PHPC Reserve. The management asserts that as of the report date, November 30, 2024, at 11:59 PM Philippine Standard Time, the Fair Value of Assets in the PHPC Reserve is equal to or exceeds the PHPC In Circulation.

Management's Responsibility

The responsibility for this assertion rests with the management of Coins. Management is accountable for ensuring the accuracy, completeness, and validity of the PHPC Reserve Report, as well as for implementing and maintaining appropriate internal controls.

Internal Audit Responsibility

As the Internal Audit (IA) Department, our responsibility is to provide an independent, objective opinion on management's assertions based on our examination. Our review was conducted in line with the Global Internal Audit Standards (GIAS) established by the Institute of Internal Auditors (IIA). These standards require the IA Department to plan and perform our examination to achieve reasonable assurance that management's assertions are free of material misstatement.

Scope of Examination

Our examination entailed performing procedures to gather evidence supporting the management's assertion. The nature, timing, and extent of these procedures were determined based on our professional judgment, including an assessment of risks of material misstatement due to fraud or error. We evaluated the evidence obtained to ensure it was adequate and appropriate for providing a basis for our opinion.

Ethical Compliance

We affirm our independence and conformance with the ethical requirements pertinent to this engagement, as outlined in the IIA's GIAS and Code of Ethics.

Internal Audit Opinion

Based on our examination, we conclude that the management's assertion that the Fair Value of Assets Held in the PHPC Reserve is equal to or greater than the PHPC In Circulation as of the report date is fairly stated, in all material respects, in accordance with the information outlined in the accompanying PHPC Reserve Report.

Notes

- PHPC In Circulation is defined as the total PHPC supply on PHPC Approved Blockchains (i.e., Ronin, Polygon, and Tron) as of November 30, 2024. As of the report date, there are no restrictions on the issuing, vesting, holding, or other aspects of the supply of PHPC. Thus, PHPC In Circulation is equal to the total minted PHPC tokens less any burned or redeemed tokens. Therefore, there are no Tokens Allowed But Not Issued, Access Denied Tokens, or other restrictions. Per BSP Approval Memo, the maximum aggregate total of PHPC to be in circulation during the sandbox period will be 100 million units.
